BSC 2011 & 2011L ²	Integrated Principles of Biology II & Lab	4	BSC 2086 & 2086L ²	Human Anatomy & Physiology II & Lab	4
MCB 2010 & 2010L ²	Microbiology & Lab	4	XXX XXXX ¹	HUMANITIES CORE	3
TOTAL		14	TOTAL		16

¹ See General Education Requirements in the Current Chipola College Catalog.

² UF critical tracking courses; Grade of "C" or better preferred on all first attempts. If the course is failed and/or retake the course for a better grade that is acceptable. UF does not allow grade forgiveness, but improvement is viewed favorably.

³ **Students enrolled in AA, AS, or BS degree programs must complete the State of Florida's Civic Literacy requirement as outlined in section 1007.25(4), Florida Statutes (F.S.). See catalog or contact an Academic Advisor for more information.**

All first time in college (Fall 2014 and beyond) students are required to successfully complete two years of the same foreign language in high school or two semesters of the same foreign language at the college level before the associate degree is awarded.

Plan to take BCH 4024 Introduction to Biochemistry and Molecular Biology and MCB 3020 Basic Biology of Microorganisms in the summer at UF before admission into the Pharmacy program. Contact COP Pharm.D. admissions advisor at least two semesters prior to the semester students need to take these courses to insure to insure they are registered in time to attend them.

While academic advisors, faculty and staff provide significant academic planning and related assistance to students, completion of all degree requirements, and the process of monitoring progress to that end, is ultimately the responsibility of the student.
