System Interactive Guidance Information (SIGI 3) allows students to do their own self-assessment while obtaining in-depth and up-to-date career information.

It's easy to use and provides a realistic view of the best educational and career options for future success.

Create a career plan that is right for you!

Who can access SIGI 3?

Current and former Chipola College students that have a *.my.chipola.edu email address have access to many assessment tools.

What does SIGI 3 include?

SIGI 3 consists of an introduction followed by eight core sections, each covering an important step in the career planning and decision-making process. Since people have different goals, you may find some of the sections more useful than others. SIGI 3 has been specially put together to show you how to choose the path through the system that's best for you.

How long will it take me to use SIGI 3?

That depends on what you want. You can go through all the sections systematically or only those you think apply to you. A section can take anywhere from a few minutes to a half an hour. If you prefer, you can choose to work on just a few sections at a time and then come back for another session. You can stop whenever you want.

How private are my responses?

The system maintains confidentiality through its Student Record Keeping capability.
