22 ART GALLERY OPENING: Margaret Schnebly Harrison's Solo Exhibition - "Shadows of a Dark Matter" – 6 p.m. Center for the Arts, Art Gallery. Long appreciated as an abstract figurative and landscape painter using a dart of rich color and a technical precision recombination with concepts of physical and emotional restraint, many works in this exhibit show Hodge's aesthetic expansion beyond the sense of the realistic depiction. Describing moments of her time to the creative process and working privately in her Omond Beach studio, Hodges has recently exhibited this series of works selected with exhibitions at Daytona State College, and the Karpeles Manuscript Museum, Jacksonville. An award winning artist, her work can be found in public, private, and institutional collections both throughout the South and internationally. She is an active member of the Chipola Regional Arts Association.
