MAT 0018 – Do these assignments in this order

Module One
Module One Pre-Test
1.1 Introduction to Whole Numbers
1.2 Addition and Subtraction with Whole Numbers
1.3 Multiplication and Division with Whole Numbers
1.5 Solving Equations with Whole Numbers
1.6 Exponents and Order of Operations
Chapter 1 Review (not required for Post-Test)
Module One Post-Test (must be taken in D-108)

Module Two
Module Two Pre-Test
1.7 Introduction to Polynomials I
1.8 Introduction to Integers
1.9 Addition with Integers
1.10 Subtraction with Integers
1.11 Multiplication and Division with Integers, Order of ...
1.13 Introduction to Like Terms and Polynomials
1.14 Solving Equations with Integers (x + b = c and ax = c)
Module Two Review (look in WebTest) not required for Post-Test
Module Two Post-Test (must be taken in D-108)

Module Three
Module Three Pre-Test
2.1 Tests for Divisibility
2.2 Prime Numbers
2.3 Prime Factorization
2.4 Least Common Multiple (LCM)
2.5 Reducing and Multiplication with Fractions
2.6 Division with Fractions
2.7 Addition and Subtraction with Fractions
Chapter 2 Review (not required for Post-Test)
Module Three Post-Test (must be taken in D-108)

Module Four
Module Four Pre-Test
2.8 Introduction to Mixed Numbers
2.9 Multiplication and Division with Mixed Numbers
2.10 Addition and Subtraction with Mixed Numbers
2.12 Solving Equations with Fractions (ax + b = c)
2.13a Ratios and Price per Unit
2.13b Proportions
2.13c Finding the Unknown Term in a Proportion
Module Four Review (look in WebTest) not required for Post-Test
Module Four Post-Test (must be taken in D-108)
Module Five
Module Five Pre-Test
3.1 Reading, Writing, and Rounding Decimal Numbers
3.2 Addition and Subtraction with Decimal Numbers
3.3 Multiplication and Division with Decimal Numbers
3.5 Decimals, Fractions, and Scientific Notation
3.6 Basics of Percent
3.7 Applications of Percent
Chapter 3 Review (not required for Post-Test)
Module Five Post-Test (must be taken in D-108)

Module Six
Module Six Pre-Test
4.1a Metric System: Length and Area
4.1b Metric System: Weight and Volume
4.3 Introduction to Geometry
4.4 Formulas for Perimeter
4.5 Formulas for Area
4.7 Similarity
Chapter 4 Review (not required for Post-Test)
Module Six Post-Test (must be taken in D-108)
