**MEANS OF ACCOMPLISHING STUDENT LEARNING OUTCOMES:**

1. Each student will be expected to read all material assigned in the syllabus.

2. The instructor will give unannounced and announced tests to help assess students’ progress and assign grades.

3. Each student will participate in class activities and discussions.

4. The instructor will conduct each class in an orderly, efficient, professional manner. All of each class period will be composed of a recognizable part of the subject matter of the course, relating to one or more of the objectives. The instructor will conduct class activities to accomplish the course objectives. As the instructor is supposed to be the expert on the content of the course, he will assist the students in mastering the content and the desired oral skills by discussing the assigned readings and by providing instructions in how to present the oral presentations. His evaluation of the finished products will determine each student's grade.

5. Attendance: All students are expected to attend all classes. However, some absences are absolutely necessary due to school functions and personal and family illnesses and emergencies. If at all possible, notify the teacher in advance of your absence. If you are absent for any reason, you must arrange with the teacher to make up your work.
within one week after your return to class. Otherwise, make-up will not be allowed which will result in a zero grade.
