**MEANS OF ACCOMPLISHING STUDENT LEARNING OUTCOMES:**

Lecture is the primary method of instruction. Students are expected to be attentive and are encouraged to ask questions. Lecture will be primarily from the textbook and will be enhanced.
by the overhead projector, demonstrations, charts, models, board illustrations and PowerPoint presentations. Students are responsible for any material contained within the assigned chapters of the textbook; as well as, any material covered during lecture. Emphasis should be placed on the key terms, the review material at the end of each chapter and the online study guide as a partial means of preparing for tests. Students will complete assignments using the Mastering Geology software associated with the text.
