2. Read all assigned material before class.
3. Study in-class notes and on-line (Canvas) materials.
4. Complete assigned projects in a timely manner to enable reflections and revisions on the final product.
5. Seek opportunities to practice teaching skills through tutoring and substituting in K–12 schools.
6. Collaborate with peers and other professionals.
7. Work with your instructor to identify a practicum site during the first two weeks of class. Meet the teacher of your 9–12 practicum class(es) to set up a specific time to attend each week. Obtain the e-mail of your teacher. Notify your teacher of any changes to this schedule.
ASSIGNMENT AND/OR COURSE OUTLINE

Students MUST wear black slacks and a School of Education polo to all PK-12 campuses. The shirts are available at the campus bookstore for student purchase.

Course Evaluation Criteria:

- Observation Log (50%)
- Tasks (50%)

Your final grade will be based upon the college grading scale.

The Chipola Catalog provides specific information regarding other outcomes from the grading system. A student’s Grade Point Average is derived from the grading system/quality point scale.

Students enrolled in SCE 4941 will be required to complete following:

A. Task 4.1.2.1: The teacher develops unit of a minimum of five lesson plans that address appropriate English/Language Arts content for a unit of study. The lesson plans must facilitate students’ use of critical and creative thinking skills and make use of appropriate technology. The teacher candidate delivers the lessons in a secondary classroom and analyzes impact on student learning. The product consists of the lesson plan(s), assessment results for the class, and samples of all instructional work completed by two students (one in which the student performed as expected and one in which he/she did not) with a detailed analysis of the learning gains and remediation needs for each of the two students.

B. Task 11.1.1. The intern teacher develops and implements a plan to foster communication with parents/guardians through a parent conference, or any other appropriate parent/school function that meets outside of school hours. The intern writes a comprehensive narrative for the activity that includes an explanation of how the student’s cultural, linguistic and family background was used in the planning and the development of materials for the conference, what assessment data was shared with the parents/guardians, and what collaboration avenues with the home, school and larger community would be proposed to support student learning and continuous improvement. After participating in the conference, a written reflection on the success of the planning for the conference, the communication and the conference’s potential impact on student learning is written. At least one goal for improving communication skills based upon the experience must be included in the reflection.

All tasks must meet the criteria for “demonstrated” as determined by the scoring rubric to earn credit for this course.

All Tasks and Assignments are due at the beginning of class on the due date unless otherwise specified by the instructor. Work not submitted at the time the instructor collects it will be considered late and will receive a zero (0) for the grade. Late tasks may be submitted within one calendar week of the due date for Demonstration purposes only, but the zero (0) grade will remain.
A task judged as “not demonstrated” must be resubmitted for the purpose of demonstrating the FEAP indicators. Resubmissions must be received by the beginning of class on the due date indicated by the instructor on the rubric when it is returned to the student. Although the original grade is final and no points are added for resubmissions, failure to resubmit by the deadline will result in a ten-point penalty PER DAY grade reduction.

No grade will be given for the course until all tasks have been successfully demonstrated.

C. Observation Log
Each student will keep a daily log and journal of practicum experience. Each day in the class, make a note of the events. At the end of the week, discuss the most memorable occurrence of the week. This could be something that happened in your classroom, something you learned, or anything of the like. On the days that you teach, reflection on your impact on student learning.

MAKE-UP POLICY:
A minimum of 30 hours must be logged to receive credit for this course. If absences prevent a student from completing the required hours, he or she must take an incomplete until the hours are met.

Assignments not turned in on or before the due date will be considered late. This holds for students who are absent on the due date.
