COURSE TITLE: Legal Aspects of Surveying  
COURSE NUMBER: SUR 2400

COURSE DESCRIPTION (with prerequisites):
This course is a study of the legal principles of boundary location and professionalism, history of boundary surveys, sectional surveys system, property transfer, evidence and procedure for boundary location, water boundaries, minimum technical standards, and chapter 177 and 42 (Florida Statutes). Prerequisite: SUR 1101 or Department Approval  
1 semester credit hour

NAME(S) OF INSTRUCTORS:
Olabode Ogedengbe, Workforce Development Building, Room 123, phone 718-2390, OgedengeO@chipola.edu.

EFFECTIVE ACADEMIC YEAR:
2016-2017

REQUIRED TEXTBOOKS AND INSTRUCTIONAL MATERIALS:
CHAPTER S 177 AND 42 (FLORIDA STATUTES), Surveying and the Law, Tom Clayborn, PLS, 2013 President of the Kentucky Association of Professional Surveyors, (Handout or web based).

GRADING POLICY:
The standing of a student in each course is expressed by one of the following letters and corresponding grading system:
A – 90 – 100
B – 80 – 89
C – 70 – 79
D – 60 – 69
F – 59 or less
The Chipola Catalog provides policies and procedures regarding the grading system. A student’s Grade Point Average is derived from the grading system/quality point scale.

ATTENDANCE AND WITHDRAWAL POLICIES:
Chipola College expects regular attendance of all students, and all instructors record attendance daily. Students who are absent from classes for any reason other than official college activities must satisfy the instructor concerned that the absence was due to illness or other clearly unavoidable reasons. Otherwise, the student may suffer grade loss at the discretion of the instructor. Chipola policy allows each instructor to specify in the Instructor First Day Handout whether or not an absence is excusable and what affect the absence or tardy may have on the grade.
A student is allowed to repeat a course a maximum of three (3) times. **On the third attempt a student (1) must bear the full cost of instruction (unless waived by Student Services), (2) cannot withdraw, and (3) must receive a grade.**

**MAKE-UP POLICY:**
Chipola allows each instructor to specify in the Instructor First Day Handout the makeup policy.

**ACADEMIC HONOR CODE POLICY:**
Students are expected to uphold the Academic Honor Code. Chipola College’s Honor Code is based on the premise that each student has the responsibility to (1) uphold the highest standards of academic honesty in his/her own work; (2) refuse to tolerate academic dishonesty in the college community; and (3) foster a high sense of honor and social responsibility on the part of students. Further information regarding the Academic Honor Code may be found in the Chipola Catalog, Student Governance section.

**STUDENTS WITH DISABILITIES POLICY:**
Chipola College is committed to making all programs and facilities accessible to anyone with a disability. Chipola’s goal is for students to obtain maximum benefit from their educational experience and to effectively transition into the college environment. Students with disabilities are requested to voluntarily contact the Office of Students with Disabilities to complete the intake process and determine their eligibility for reasonable accommodations.

**NOTICE OF EQUAL ACCESS/EQUAL OPPORTUNITY AND NONDISCRIMINATION:**
Chipola College does not discriminate against any persons, employees, students, applicants or others affiliated with the college with regard to race, color, religion, ethnicity, national origin, age, veteran’s status, disability, gender, genetic information, marital status, pregnancy or any other protected class under applicable federal and state laws, in any college program, activity or employment.

Karan Davis, Associate Vice President of Human Resources, Equity Officer and Title IX Coordinator, 3094 Indian Circle, Marianna, FL 32446, Building A, Room 183A, 850-718-2205, davisk@chipola.edu.

**LIBRARY AND ON-LINE REFERENCE MATERIALS:**
The library is a comprehensive learning resource center providing information in print, electronic, and multimedia format to support the educational objectives of the College. On-line catalogs, e-books and electronic databases can be accessed by using the LINCCWeb icon on the Chipola Library website at www.chipola.edu/library. If you have questions about database usage consult the “How to Use the Chipola Databases” on the Library website or call the Library at 850/718-2274 during regular hours. Library hours are posted each semester at the building entrance and on the Library website. See your Instructor First Day Handout for individual instructor recommendations and resources.
TECHNOLOGY RESOURCES:
The college’s learning management system is Canvas. Classes become available on Canvas on the first day of the semester. It is the student’s responsibility to log onto the Canvas system the first day of class to establish the first day of attendance and to check announcements. All official class communication must be through Canvas. For further information, contact your instructor or the Director of eLearning. The Canvas support hotline is available online in live chat and on the phone, toll-free, at 855-308-2812 for any issues in accessing or utilizing Canvas. The Technology Center, located in the library, is equipped with computer workstations. Lab hours are posted each semester at the building entrance and on the Library website.

FREE TUTORING RESOURCES:
The Academic Center for Excellence (ACE) Lab, located in Building L, offers free tutoring from 8 a.m. to 5 p.m. and is equipped with computer workstations. ACE lab hours are posted each semester at the room entrance and on the website. Additionally, Chipola College has contracted Smarthinking, a Pearson Company, for online tutoring services, accessible especially from 5 p.m. to 8 a.m. and weekends. Smarthinking can be accessed through Canvas.

ELECTRONIC DEVICE USAGE STATEMENT:
Classrooms should be free of all unnecessary distractions from the task of learning. Therefore, as a general rule, students should silence and avoid use of all electronic devices (laptops, phones, tablets, etc.) not being used for coursework. Consult first-day handouts for any specific policies related to the use of electronic devices in the classroom, as they may vary depending upon the nature of the course or the guidelines of the instructor. Faculty reserve the right to regulate the use of electronic devices and their accessories in class.

DISCIPLINE SPECIFIC COMPETENCIES / LEARNING OUTCOMES:
Learning outcomes are determined by measuring the ability of each student to retain the learning objectives of the course. Performance-based methods, such as completion of assigned projects, general knowledge tests, oral and written presentations of assignments, group discussions, observation of mastery of critical skills and analysis of the final product will determine the final grade on this course.

natural and man-made features in the air, on the surface and immediate subsurface of the earth, within underground workings, and on the beds or surfaces of bodies of water involving the:

a. Determination or establishment of the facts of size, shape, topography, and acreage;
b. Establishment of photogrammetric and geodetic control that is published and used for the determination, monumentation, or description of property boundaries;
c. Subdivision, division, and consolidation of lands;
d. Measurement of existing improvements, including condominiums, after construction and the preparation of plans depicting existing improvements, if the improvements are shown in relation to property boundaries;
e. Layout of proposed improvements, if those improvements are to be referenced to property boundaries;
f. Preparation of subdivision record plats;
g. Determination of existing grades and elevations of roads and land;
h. Creation and perpetuation of alignments related to maps, record plats, field note records, reports, property descriptions, and plans and drawings that represent them; and
i. Certification of documents;

drafting (CAD) by constructing engineering, mechanical, and geometrical drawings.

Demonstrate ability to sketch, letter, and generate line-work to describe various objects.

Demonstrate ability to read and produce drawings involving orthographic projection, sections, pictorial and auxiliary views.

Demonstrate a wide range of mathematical skills including plane trigonometry, strength of materials, technical, and other engineering problems, including theories learned in engineering mechanics.

Demonstrate ability to use standard surveying equipment to make measurements and calculations to run a traverse, establish levels, keep notes and produce required drawings.

Demonstrate ability to analyze physical and mechanical used are:

Q, UT, SD, SP, Proj, F
properties of soil and concrete.

Demonstrate ability to solve basic hydraulic problems using the theory of incompressible fluids.

Demonstrate on-site skills required to establish grades, locate property lines and utilities and produce plots and calculate cut and fill by average-end-area.

**Assessment Codes**

**MEANS OF ACCOMPLISHING STUDENT LEARNING OUTCOMES:**

Learning outcomes are determined by measuring the ability of each student to retain the learning objectives of the course. Performance-based methods, such as completion of assigned projects, general knowledge tests, oral and written presentations of assignments, group discussions, observation of mastery of critical skills and analysis of the final product will determine the final grade on this course.
ASSIGNMENT AND/OR COURSE OUTLINE

1. Measuring and locating, establishing, or reestabishing lines, angles, elevations, natural and man-made features in the air, on the surface and immediate subsurface of the earth, within underground workings, and on the beds or surfaces of bodies of water involving the:

a. Determination or establishment of the facts of size, shape, topography, and acreage;

b. Establishment of photogrammetric and geodetic control that is published and used for the determination, monumentation, or description of property boundaries;

c. Subdivision, division, and consolidation of lands;

d. Measurement of existing improvements, including condominiums, after construction and the preparation of plans depicting existing improvements, if the improvements are shown in relation to property boundaries;

e. Layout of proposed improvements, if those improvements are to be referenced to property boundaries;

f. Preparation of subdivision record plats;

g. Determination of existing grades and elevations of roads and land;

h. Creation and perpetuation of alignments related to maps, record plats, field note records, reports, property descriptions, and plans and drawings that represent them;

i. Certification of documents

Equipment Provided: Surveying equipment, computers with the Civil 3D software, and GPS equipment will be provided as needed. The student is responsible for paper, field books, and storage of computer information for transmittal to the instructor.

Session Agenda: Class will start promptly at the times listed above. Each session will include lecture, discussion, and lab time. Off campus field classes may be set-up as well.

Lab Time: Check with your instructor for time and places where the software is installed and open for use.

Suggestions for study: Students should follow the schedule for assignments and due dates, read ahead on topics to be covered in class, ask questions to clarify the topics that are not completely clear to you, and work with your instructor during lab times.

Attendance & Class Policies: It is imperative that you attend every class session to receive the most benefit for this course. Attendance is required except for designated lab sessions as scheduled by the instructor. An absence may be excused with appropriate written evidence.

No disruptions, disrespectful behavior, or violation of the student code will be tolerated. Chipola College and your instructor are committed to maintaining standards of academic honesty and integrity is a shared responsibility. All are expected to know and comply
with Chipola’s Academic Honor Code which prohibits dishonesty in any form, including, but not limited to cheating, plagiarism, fabrication, and other forms of misconduct.

No food or open drinks are permitted in the classroom. No cell phone or pager use is allowed in the classroom and should be turned off during lectures and presentations.

**GRADING PROCEDURES:**

- 50% - EXERCISES & TUTORIALS
- 25% - PROJECTS
- 10% - CLASS PARTICIPATION & ATTENDANCE
- 15% - FINAL EXAM

Work is due two weeks after assignment or as per schedule. **Work that is late will lose points.** Grades are recorded in Canvas. Exercises/Drawings will be graded on a 20 point scale. Projects will be graded on a 25 point scale. Projects will be graded on a 100 point scale. Numerical grade (0-100) will be recorded based on the results.

The instructor reserves the right to modify the schedule for the benefit of the class as he may evaluate. Any changes will be communicated to the class in advance.

See your Instructor First Day Handout for individual instructor assignment schedule.
