Chipola Board approves new budget and raises salaries

The Chipola College District Board of Trustees approved a six percent salary increase for career, professional and administrative employees filling positions on the table of personnel at the board's regular monthly meeting on June 20.

The raise is effective July 1, 2006. The board also agreed to cover the cost of employee retirement contributions and increases in individual health insurance premiums.

The board also authorized college president, Dr. Gene Prough, to offer an overall six percent increase (including an annual step) to faculty employees subject to collective bargaining. The Chipola Faculty Association, the bargaining unit which represents the college faculty, negotiates the annual faculty contract.

Dr. Prough said, "I am very glad that the board approved this

increase for our employees who provide quality educational opportunities and a supportive learning environment for our students."

Trustees also agreed to increase the reimbursement the college provides to employees for use of personal vehicles and for meal allowances while on college business. The mileage reimbursement will increase from 29 to 44.5 cents per mile. Meal allowances were increased from \$3 to \$6 for breakfast; from \$6 to \$12 for lunch and from \$12 to \$19 for dinner.

In other business, trustees approved a \$12.9 million operating budget for the 2006-07 fiscal year. The new appropriation represents an \$800,000 increase over last year. Included in the new budget is a tuition increase which will cost full-time students approximately \$58 more per term.

New computer printing fees for students

Beginning Summer Session II Chipola students will be assessed a new printing fee for excessive use of network printers.

During the Spring 2006, students printed nearly 178,000 pages on network printers. In an effort to recoup printing costs, the District Board of Trustees have approved the following fees.

Registered students will be given a \$15.00 printing credit each semester. Student printing will be monitored by Print Limit software. Each time a student prints, he/she will be informed of the balance remaining on their print credit. Students will be restricted to 30 pages or less per print request. Printing charges will be five cents per single black/white page, and 75 cents per single color page, and five cents per side of duplexed black/white, and 75 cents per printed side of duplexed color.

Current students may purchase additional printing credit in \$5 increments from the college Business Office.

Community users will not receive a printing credit; instead, print fees will be collected by Library staff as pages are printed. Community use printing fees are ten cents per single black/white page and 75 cents per single color page.

Mandy Suggs, Departmental Staff Assistant in Chipola's Educational Talent Search program, is the July Career Employee of the month. She has worked at the college since 2000.
