## Chipola board approves reorganization

The Chipola Junior College district board of trustees approved a reorganization of the college administration at the board's regularly monthly meeting on May 20.

Most of the changes relate to Chipola's quest to offer four-year degrees. The plan to offer degrees in Secondary Mathematics and Science Education is on hold pending approval from the Southern Association of Colleges and Schools (SACS). CJC officials hope to begin offering classes in both programs in January of 2004.

Chipola president Dr. Gene Prough said, "We are following a number of recommendations from SACS as we move forward with our plan to award bachelor's degrees in education."

**Dr. Sarah Clemmons**, who had served as Dean of Instruction, was named Vice President of Instructional and Student Services replacing Charlton Keen who retires next month.

**Dr. Kitty Myers**, former Director of the University Center, was promoted to Associate Vice President of Instructional and Bachelors Degree Program Development.

Former Comptroller **Steve Young** was promoted to Vice President of Finance replacing Ron Ward who retires next month. The

Comptroller position was deleted.

**Gail Hartzog** was promoted from Director to Associate Dean of Institutional Development and Planning.

Dr. Rene Tharpe will return to the classroom as a social science instructor. Her former position of Associate Dean of Instruction will be divided between two department director positions. Psychology instructor **Willie Spires** was named Director of Social Science and Business. Math instructor **Dr. Lou Cleveland** was named Director of Math and Natural Science.

**Dr. Jayne Roberts** was promoted to Dean of Enrollment Services from her former position as Counselor/Testing director. The Counselor position was deleted.

The position of Executive Vice President formerly held by Prough was deleted from the organizational chart. A Vice President of Operations was added to the chart but remains unfilled.

Prough said that the filling of any open positions would be subject to legislative funding and a special appropriation he hopes to get for the proposed bachelor's degree programs.
