## O'Bryan is CJC Career Employee of the Year

Accountant Shanda O'Bryan of Altha has been named Chipola Junior College's Career Employee of the Year for 1999-2000.

O'Bryan has worked in the Business Office at CJC since 1994, where her primary responsibilities include compiling and reporting financial information and overseeing the daily operations of the Business Office. Her supervisor Steve Young says, "Shanda is a super employee. She works behind the scenes to keep everything running smoothly. She is very deserving of this award."

She gained experience as a work study student in the CJC business office while attending Chipola. After graduating from CJC, she went on to earn an account-

ing degree from Florida State University.

O'Bryan is a member of the Florida Association of Community Colleges and is active in college activities. She serves as treasurer and ticket sales chair for the State JUCO Tournament.

Shanda and her husband, Randy, have a two-year old son, Sawyer.

The Employee of the Year Award recognizes the exceptional work of CJC's career service employees. The annual winner is selected from monthly recipients who are nominated by their colleagues for exhibiting courtesy, motivation and professionalism. The winner receives plaques from CJC and FACC, reserved parking for a year, a \$100 gift certificate from the CJC Book Store, and a \$1,000 bonus.

## Parking Rules

## FSU opens Spring Semester 2001 to AA transfer students

Florida State University has announced a modification of its earlier released admission policy for spring 2001. **Applications from Associate of Arts degree graduates of Florida public community colleges will now be accepted.** However, no accommodations will be made for any other undergraduate students at this time for the spring 2001 term.

Due to a record number of applications for the academic year 2000-2001 (Summer 2000, Fall 2000, and Spring 2001), FSU has been forced to

close the Spring Semester, 2001 and return applications of transfer students. Students are being encouraged to explore their admission options at one of the other nine state universities that comprise the State University System of Florida.

If students would still like to receive consideration for future terms at Florida State, their application and fee can be resubmitted. Currently, the next available terms are Summer and Fall 2001. This announcement does not apply to the FSU/Panama City campus.
