Chipola to host public feedback session

The president of Chipola Junior College, along with the CJC Governance Council and Accountability Committee, will host a public feedback session on Tuesday, April 25, at 2 p.m., in the auditorium of the college Public Service Building.

College president Dr. Dale O'Daniel held a series of feedback sessions throughout the Chipola district during his first year as president in 1995. He says, "We learned a lot from our previous meetings which I believe helped us to make Chipola a better college, but it's time for another reality check to be sure we are providing the best educational opportunities for everyone in our district. We hope everyone who has a compliment, comment, or recommendation for better service will attend the session."

O'Daniel says he is holding this year's session on campus so students and employees will be able to participate. "As we plan for the future, we need to hear from the people who do the work of the college as well as the people we serve—both individuals and representatives of business, indus-

try, government, education, and civic organizations," says O'Daniel.

Gail Hartzog, Director of Institutional Effectiveness and Planning at the college, says, "We want to give citizens, students and college employees the opportunity to voice concerns or praise about Chipola. Our sessions in 1995 included many positive comments, but we also heard some valuable suggestions from a variety of sources about ways to help more students."

Anyone who wishes to express an opinion or suggest an improvement is invited to attend the session. According to Hartzog, the committee hopes to schedule most speakers for five-minute presentations, but time will also be allowed for unscheduled speakers to address issues. Hartzog also urges faculty and staff to plan to attend even if teaching or office schedules mean they must come late.

For more information or to request time on the agenda, contact Hartzog in the CJC Planning Office at (850) 718-2342 or 718-2355.
