Chipola to host ribbon cutting for three new facilities

The Chipola Junior College District Board of Trustees and college president Dr. Dale O'Daniel invite the public to three Ribbon-Cutting Ceremonies on **Tuesday, June 20** to celebrate the opening of three new college facilities.

The day's events will begin at **11 a.m.** with a ribbon-cutting at the **W.B. Bill Reddoch Public Service Annex**, located on Calhoun Road just off the Blue Springs Highway. Lunch will follow at 11:30 a.m.

Bill Reddoch and his wife Jackie donated 20 acres of land for the annex that features a new 2,800 square foot range house/classroom. The annex also includes a certified defensive driving range for law enforcement officers; fire-fighting training facilities, with a drafting pond for rural fire-fighting; and a newly updated FDLE certified firing range for shotgun and rifle with turning targets, and the Range 2000 Automated Firearms Training System.

Ribbon-cutting and open house events for the new **Occupational Therapy Assistant (OTA) Laboratory** and the long-

awaited Literature/Language Building will begin at 2 p.m.

Tours of the OTA Laboratory will be given beginning at **2 p.m.** Ribbon-cutting and tours of the **Literature/Language Building** begin at **2:30 p.m.** A number of dignitaries are expected to be on hand for both events, which will include a reception and guided tours.

The 30,000 square-foot Literature/Language building includes the college's first full-service elevator, internet-ready classrooms and a covered patio area for students. The building will house the college's Arts and Letters Division that offers courses

in English, foreign language, humanities and literature.

The OTA lab consists of 12 state-of-the-art computers, training kitchen, bathroom and practice area.

The day's events will culminate with the regular monthly meeting of the CJC Board at 6:30 p.m. rather than the usual 7 p.m. The Board nomination committee will meet immediately prior to the meeting.

**FAMU meeting at Chipola is Tuesday**

Florida A & M University will host a meeting Tuesday, June 13, at 5:30 p.m. in the Natural Science Building, D300. FAMU will offer a B.S. in Social Work and additional courses leading to a master's degree in social work.

FSU currently offers a Bachelor of Nursing degree on the Chipola campus. The program allows licensed RN's to earn B.S. and M.S. degrees on the Chipola campus. Any RN or prospective RN who has an interest in pursuing a BSN degree should attend.

This Fall the University of West Florida will begin bachelor's degree programs in Special/Elementary Education and Criminal Justice. Both UWF programs and FSU's nursing program will have on-campus coordinators. FSU/FAMU College of Engineering has plans to offer the third year of core engineering courses at Chipola and Troy

State University at Dothan has made a preliminary commitment to begin at least two business degrees, including MIS. FSU/PC will offer an Information Studies/Management on-line degree and will place a faculty member on-campus two or three days a week to assist students. Other, on-line, degrees are also available.

Dr. Kitty Myers, director of the University Center at Chipola, says, "It is extremely important that anyone interested in pursuing degrees--beginning this fall or later--attend information meetings. Future plans for the programs will be dependent on the response."

For information about these and four-year degrees offered on the Chipola campus, contact Myers at (850) 718-2260, or email myersk@chipola.cc.fl.us
