Chipola One Stop moves to new location

The Chipola Junior College One Stop Career Center will move to new offices effective June 26, at 4638 Highway 90 East in Marianna, behind Click On Cleaners in the new Rim Plaza.

One Stop is open weekdays from 8 a.m. to 5 p.m. and provides numerous employment and social services. The center offers customized training conducted with a commitment by an employer to employ an individual upon completion of training. New offices will feature a client resource room with Internet, copier, fax, telephone, resume assistance, typewriter and personal computer.

The Center provides intake and orientation to services; assessment of skills, aptitudes and need for supportive services; job search, placement and referral; employment statistics, job listings; information on childcare and transportation and referrals; filing of claims for unemployment compensation; Welfare-to-Work eligibility and other non-WIA training programs.

One Stop also will provide “How To” group sessions; staff assisted job search and placement and career counseling. Intensive services include assessment to identify employment barriers and goals; and development of an individual employment plan to determine services needed.

One Stop also offers group and individual counseling and case management services, including: short-term pre-vocational assistance; development of learning skills, communication, interviewing, personal maintenance and professional conduct; adult education, literacy and on-the-job training; occupational skill upgrading and retraining; and paid and unpaid work experience including internships.

Lady Indians pick up three top players

The CJC women’s basketball program has signed three more players, including a local Blountstown standout and a 6’3 post player.

Cassie Bates, a 5’10 wing player from Blountstown High, averaged 21 points, 9.5 rebounds senior year and was a Tallahassee Democrat All Big Bend Selection. CJC head coach Jason Keene says, “Cassie is a good shooter and student.”

Kamika Collins, a 5’6 point guard from Telfair County High in McRae, GA, averaged 19 points, 4 assists, 3 steals and won Honorable Mention All State honors. Collins played AAU basketball with Tennessee signee Tasha Butts. Keene says, "Kamika is a very good ball handler, and a good shooter and passer.” Collins was recruited by Georgia State, Tallahassee Community College and Middle Georgia.

Takesha Oden a 6’3 post player from Sylacauga High School in Sylacauga, AL, will be the tallest player on the Lady Indians roster next season. She averaged 17 points, 8 rebounds, 2 blocks and was named second team All State and All tourney team in the high school regional finals. Oden signed with Troy State University out of high school but was academically ineligible last season. Keene expects Oden to be eligible for Panhandle Conference play in January 2001. He says, "Oden is a very athletic, skilled post player that will help the inside game.”

Chipola dedicates three new facilities

Chipola officials and friends of the college attended dedication ceremonies on June 20 to mark the opening of three new college facilities.

The W.B. Bill Reddoch Public Service Annex was dedicated in the morning. Reddoch and his wife Jackie donated 20 acres of land for the annex that features a new 2,800 square foot range house/classroom. The annex also includes a certified defensive driving range for law enforcement officers; fire-fighting training facilities, with a drafting pond for rural fire-fighting; and a newly updated FDLE certified firing range for shotgun and rifle with turning targets, and the Range 2000 Automated Firearms Training System.

The new Occupational Therapy Assistant lab, featuring state-of-the-art computers, training kitchen, training bathroom and practice area, was dedicated in the afternoon.

The day culminated with the dedication of the 30,000 square-foot Literature/Language building. The new facility includes internet-ready classrooms, atrium and covered patio area for students. The building will house the college’s Arts and Letters Division that offers courses in English, foreign language, humanities and literature. Officials also dedicated the Jackson Junior College Lecture Hall. Jackson Junior College was a black community college that operated from 1960 to 1965.

In order to succeed we must first believe we can.
