Chipola makes Yahoo's "Most Wired" list

Yahoo magazine, Internet Life, (www.zdnet.com/yil/content/college/) ranked **Chipola** (www.chipola.cc.fl.us) in the Top 100 "Most Wired" community college campuses in the nation.

Chipola ranked number 58. Three other Florida community colleges made the list, including: Florida Community College at Jacksonville, ranked number three; Miami-Dade Community College, ranked number 47, and Okaloosa-Walton Community College, ranked number 51. According to Yahoo, the ranking considered more than 40 factors, in four general categories: Access & Infrastructure, Administrative Services, General Resources, and Student Support.

Yahoo writer Rob Bernstein says, "It used to be that U.S. colleges and universities could attract the nation's best and brightest with a prestigious name or a winning football team. But that was then. This

is now: Undergraduates are as interested in a college's Net resources as in its curriculum or social life."

Chipola president Dr. Dale O'Daniel says, "We're very proud to be named on the Yahoo list. We have tried to provide our students and employees with the best technology available to enable them to work smarter. I congratulate our district board of trustees, the college Foundation, and our employees and students, for their vision and hard work on our ongoing campus technology plan."

J .
David Armstrong, Jr., executive director of the Florida Community College System, says, "Florida's community college system is one of the best in the nation. We congratulate the four colleges for the distinction of being in the top most "wired" campuses in the nation and will continue to support the use of technology at all campuses."

Chipola signs top hoops recruits

The Chipola men's basketball program recently signed five top players including one of the top 100 recruits in the country.

Troyce Haynesworth, a 6'4 Guard from Dunbar High in Washington D.C., will help the Indians at the guard slot. He averaged 22 points and 5 rebounds as a senior, and led Dunbar to a City Championship. He was first Team All-City. *Recruiting USA* ranked Troyce as one of the top 100 seniors in America. Head coach Ryan Cross says, "Troyce is a big, strong guard who is capable of guarding a point guard through a small forward. He brings a lot of toughness and a winning mentality into the Chipola program. He is also an explosive scorer who has a chance to make a major impact as a freshman."

Kareem Johnson, a 6'8 power forward from Eufaula (AL) High, will give the Indians some much needed size on the inside. He averaged 24 points and 14 rebounds per game as a senior. He was the Alabama 5A Player of the Year, the *Dothan Progress* Player of the Year and a member of the 2000 Alabama Super 10. Cross says, "Kareem has a chance to be a great player at Chipola. He is one of the guys that we targeted early in the year and we are very excited to sign him. Kareem will add great size and strength to our front court." Johnson chose Chipola over Hutchinson (KS) and Southern Union community colleges.

John Andrews, a 6'4 guard from Northside High in Havana, FL, was one of the most highly sought after players in the Panhandle. He averaged 19 points and 7 rebounds per game as a senior. He led Northside to the Final Four of the State Tournament. He was the 2000 Big Bend Player of the Year, and First Team All-State. Andrews chose

I couldn't have asked for a better bunch of guys. I've learned and matured at Chipola. It's been one of the best experiences of my life," says Lord.

Lord is the son of Buddy and Joy Lord of Marianna. Lord joins fellow CJC Indian Richie Smith of Bristol who signed with FSU earlier this season.

Chipola over Tallahassee, Butler County (KS), and Central Florida community colleges. Cross says, "John is a very talented guard.

He has good size and athleticism and is very competitive. With added strength, John will develop into a very good guard at Chipola. We worked very hard to sign John and feel that he will be an extremely positive addition to our program."

Jerome Stamper, a 6'5 forward from Ribault High in Jacksonville, should be a great addition to CJC's perimeter game. He averaged 20 points and 11 rebounds as a senior, and led Ribault to the Final Four of the State Tournament. He was First Team All-State. He chose Chipola over Kilgore JC (TX), and Compton CC (CA). Cross says, "Jerome will be able to play several positions for us. He has the ability to score from the perimeter as well as at the post. His long arms and toughness will also make him a very good defender and rebounder."

Wayne Bransom, a 6'8 1/2 forward from Langley High in Pittsburgh, PA, will help replace CJC's leading scorer Kevin Paige. Bransom averaged 26 points and 14 rebounds as a senior, and was named first team All-City and All-State. Bransom had a high game of 57 points during his senior season. Bransom chose Chipola over Hutchinson CC (KS) & Vincennes (IN). Cross says, "Wayne was a key signing for Chipola. He adds good size and athletic ability to our program.
