Chipola athletes perform well in the classroom

A recent report indicates that Chipola Junior College student-athletes are performing well in the classroom.

Athletes in Chipola's four sports earned the following combined grade point averages for the Fall 2000 Semester: Baseball (3.11); Men's Basketball (3.10); Women's Basketball (2.99) and Softball (2.92). Student athletes are required to enroll in at least 12 semester hours. Grades are based on a 4.0 scale. A number of student athletes made the Fall Dean's List.

A report issued on last year's CJC sophomores shows that of 33 student-athletes, 26 graduated, 28 transferred to four year colleges and 25 went on to earn athletic scholarships at four year colleges.

The Men's basketball program was five for five in sophomores graduating and transferring on athletic scholarships. Ten sophomores in men's baseball transferred on scholarships and a total of eight graduated. Of eight sophomores in women's basketball, six graduated and seven are on scholarship at universities. Women's softball graduated

seven of nine sophomores and three went on to the next level.

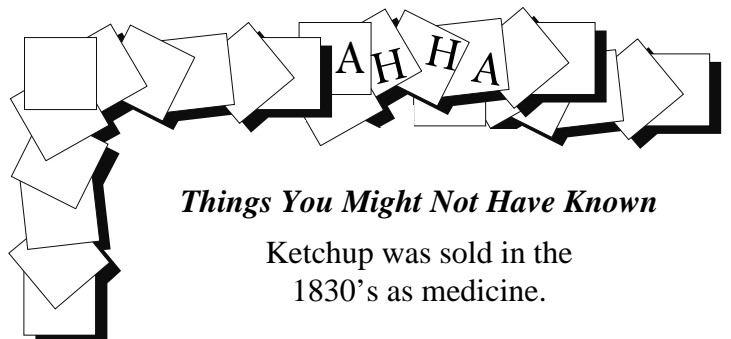

In August 2000, ten CJC athletes were named to the Florida Community College Activities Association All Academic Team. They included baseball players: Justin Lord, Jake Mathis, David Wolensky, Jose Bautista and Kellan Dedge; softball players: Erin Flater, Shelley Levins and Andrea Stevens; men's basketball player Jedd McFatter and women's basketball player Hilary Taylor. Taylor also had the highest GPA of all women's basketball players in the state.

CJC president Dr. Dale O'Daniel says, "We are extremely proud of our student-athletes' work in their respective sports, and especially in their academic endeavors. Our outstanding faculty and support staff have been very instrumental in the success of our student athletes. We also have established a number of programs to help CJC students succeed, including academic monitoring, study halls and tutoring." CJC science instructor David Hilton serves as academic advisor for student athletes.
