Chipola board approves faculty raises

The Chipola Junior College District Board of Trustees approved a two-percent raise and a non-recurring \$500 lump sum payment for college faculty during the board's meeting on Sept. 18. The raise is retroactive to July 1, 2001.

The faculty is represented by the Chipola Faculty Association, a collective bargaining unit. The college's career and administrative employees received the same increase in July.

All CJC employees received a four percent raise and a \$400 lump sum payment last year.

In other business the board approved a contract with Peter Brown Construction

of Tallahassee to build a new 28,000 square foot Health Sciences Building. The two-story building will house the college's health-related programs, and will feature laboratories, conference facilities, lecture hall and classrooms.

The construction management contract includes a guaranteed maximum price of \$2,875,000. Under the construction management process, substantial completion date of the project is August of 2002. This is the first time that Chipola has utilized the construction management process.

A ground-breaking ceremony for the new Health Sciences Building is scheduled for Noon on Tuesday, Oct. 2.

Friday is “Blue Jeans for Babies” day!

FACC has t-shirts on sale for a \$10 donation to the March of Dimes.

Call Alice Pendergrass (2370) or Evelyn Ward (2265).

THE RESULTS ARE IN

Many students took the time at the annual Club Rush to complete a survey on intramural sports.

Here are the results in order of interest: 1-Flag Football; 2-Softball; 3-Basketball 4-Bowling; 5- Golf; 6-Swimming; 7-Archery; 8-2 on 2, or 3 on 3 basketball; 9-Racquetball and 10-Tennis.

Students interested in these or other programs are encouraged to stop by the Student Activities office and fill out a survey.

Plans are in the works now to Kick Off the Intramural Season with our current #1 choice Flag Football. We suggest that all field-generals begin forming teams to compete.

Team rosters may consist of fifteen (15) registered CJC students; male or female.

Look for upcoming information in Chipola This Week and on flyers.

Students interested in helping with intramurals should stop by the CJC Pool or call 718-3466.

Intramurals director*

CONDOLENCES

The Chipola family is saddened by the loss of Albert Taylor, Louise Neel's brother, on September 15 in Tampa, FL. Our prayers and condolences are with the family during this time.

THANK YOU

I would like to express my appreciation to CEA and its members for their kindness.

It is friends like these that help us through our times of sorrow.

Louise Neel

I.T. program information session is Thursday at CJC

Chipola Junior College will host an information session on new professional Information Technology certification programs, Thursday, Sept. 27, at 7 p.m. in the CJC Continuing Education Conference Center.

Chipola has joined with I/Tech Services, Inc., to offer professional information technology certifications, including: Microsoft Certified Systems Engineer (MCSE) Windows 2000 certification program, A+ Certified Computer Technician Program and Network+.

Microsoft (MCSE) certification is a professional credential for aspiring IT professionals who are qualified to analyze the business requirements for system architecture, deploy, install, and configure infrastructure components, and troubleshoot system problems.

The A+ Certified Computer Technician Program, sponsored by the Computing Technology Industry Association (CompTIA), certifies the competency of service technicians in the computer industry. Students learn to upgrade, repair and

troubleshoot PCs and much more.

Network+ is a vendor neutral certification that measures the technical knowledge of networking professionals with 18-24 months experience. Network+ professionals possess the knowledge needed to configure and install the TCP/IP client. The exam covers a wide range of networking technologies that can also serve as a prerequisite for vendor-specific IT certifications. This course offers the basics of networking and helps to prepare students for CompTIA's Network+ examination.

The Chipola/I-Tech program offers conveniently scheduled evening classes on the CJC campus to accommodate training for career changers and current IT professionals. Financial Aid is available through the SLM Financial Career Training Loan program for those who qualify.

For more information on these new training programs or to sign up for a free online Information Session, visit I/Tech at www.itechtraining.com

For a class schedule and registration information, call toll-free, 1-866-248-6265.

TABE TESTING

The Success Center (O119) has regular testing of the TABE test. Tests are given Monday - Friday at 8:15 a.m. and on Tuesday and Thursday at 6 p.m.

Students should go by the registrar's office and pick up a student placement status form before coming to test.

SUCCESS OPENINGS

The Success Center has openings for students who need help with testing skills, GED Prep, academic confidence or a refresher in Reading, Language, Math and Pre-algebra in order to continue their education in academic or Workforce Development Programs.

The Success Center offers the Test of Adult Basic Education (TABE). A new GED test becomes effective Jan. 1, 2002. On that date, all previously passed sections of the GED will be lost, if the complete battery is not passed. Students with partial passes are encouraged to complete the GED by December.

For information, call the CJC Success Center at 718-2284.

**Things You Might Not Have Known**

The first product Motorola started to develop was a record player for automobiles. At that time, the most known player on the market was Victrola, so they called themselves Motorola.
