

This Associate of Arts degree program includes courses required for those students who expect to transfer and earn a degree in the College of Agriculture at the University of Florida, which has approximately 19 majors and over 52 specializations.

The course requirements for the first two years are very similar for all programs. GPA requirements vary depending on specific major. Check the [UF website](#) for specific information on your chosen major/specialization.

Possible career options in agriculture include high school ag or biology teacher, county agent, ag equipment sales, ag engineering, environmental systems manager, land and water manager, forest resource manager, horticulturist, wildlife manager, and pre-professional preparation for the colleges of medicine, dentistry, pharmacy, and veterinary sciences. For more information please visit [The Occupational Outlook Handbook website](#).

The courses listed on this guide are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor.
