This Associate in Arts degree program is designed for the student who plans to transfer and work toward a degree in Architecture at Florida A & M University.

For additional program information, [visit the FAMU website](#).

Possible employment opportunities for architecture majors include architect (additional education and training are usually required to become registered/licensed in most states), graphic designer, interior designer, industrial designer, urban planner, real estate developer, construction manager. For more information please visit [The Occupational Outlook Handbook website](#).

*The courses listed on this guide are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor.*

### Entrance Requirements

**This is a limited access program which requires a minimum 2.5 GPA.**

**Because this curriculum requires professional courses during the first two years that Chipola does not offer, it is recommended that students transfer after the first year; however transfer students must meet freshman admissions requirements.** The program outlined below is for those students who elect to earn the A.A. degree prior to transfer. Contact the College of Architecture for application deadline and program information.

If a student has completed two years of high school credit in the same foreign language, he/she meets the admission requirement for state universities in Florida. If not, the student should complete two semesters of the same foreign language at Chipola before transfer to the university.
