

This Associate in Arts degree program is designed for students who desire to earn a bachelor's degree in Health Science and pursue the Master's degree in Physical Therapy at Florida A & M University.

For additional program information, visit the [FAMU website](#).

Physical therapists work to improve the mobility, relieve the pain, and prevent or limit the permanent physical disabilities of patients suffering from injuries or disease. Patients include accident victims and disabled individuals with conditions such as multiple sclerosis, cerebral palsy, nerve injuries, burns, amputations, head injuries, fractures, low back pain, arthritis, and heart disease. Employers include hospitals, clinics, private offices, home health agencies, schools, nursing homes, and colleges and universities for teaching and research.

For more information, please visit [The Occupational Outlook Handbook website](#).

*The courses listed on this guide are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor.*
