### Entrance Requirements

This is a limited access program which requires a minimum 2.5 GPA and a 21 composite on the ACT (1010 on the SAT).

Because this curriculum requires professional courses during the first two years that Chipola does not offer, it is recommended that students transfer after the first year; however transfer students must meet freshman admissions requirements. The program outlined below is for those students who elect to earn the A.A. degree prior to transfer. Contact the College of Architecture for application deadline and program information.

For additional program information, [visit the FAMU website](#).

Possible employment opportunities for architecture majors include architect (additional education and training are usually required to become registered/licensed in most states), graphic designer, interior designer, industrial designer, urban planner, real estate developer, construction manager. For more information please visit [The Occupational Outlook Handbook website](#).

If a student has completed two years of high school credit in the same foreign language, he/she meets the admission requirement for state universities in Florida. If not, the student should complete two semesters of the same foreign language at Chipola before transfer to the university.
