

This Associate in Arts degree program is designed for students who plan to transfer and earn a bachelor's degree in Forensic Science at the University of Central Florida.

For additional program information, visit the [UF website](#).

Forensic Science serves the scientific needs of the justice system. The principal job of the forensic scientist is to examine physical evidence gathered at the scene of a suspect criminal action. Upon completion of a thorough laboratory examination of the evidence, the forensic scientist presents his/her findings in court.

For more information, please visit The [Occupational Outlook Handbook](#) website.

*The courses listed on this guide are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor.*

## Associate in Arts Degree

### Forensic Science

**Transfer Institution: University of Central Florida**

**Code** 1116      **Program Length** 60 credits

### Entrance Requirements

The following courses are required for admission to the forensic science analysis track or the forensic science biochemistry track.

If a student has completed two years of high school credit in the same foreign language, he/she meets the admission requirement for state universities in Florida. If not, the student should complete two semesters of the same foreign language at Chipola before transfer to the university.

CGS 1060 is a graduation requirement for UCF; it may be taken at Chipola.

# 2004-2005
