Chipola College and Gulf Coast Community College have an articulation agreement which allows students to enroll and complete selected courses at Chipola before transferring to Gulf Coast to complete the program.

Once students are accepted into the program at Gulf Coast they may attend either full or part time through the Dental Education Alternative Learning (DEAL) Program. Courses are a combination of internet, DVD, and evening classes. Students must be self-disciplined and self-motivated. For additional program information, visit the GCCC website.

For more information, please visit the Occupational Outlook Handbook website.

The courses listed on this guide are not to be construed as a contract between the student and Chipola or Gulf Coast. Course requirements may change each year. You are encouraged to work closely with your advisor.

Certificate Program

DENTAL ASSISTING
Articulation Agreement between Chipola College & Gulf Coast Community College

Code 9097
