

This Associate in Arts degree program is designed for students who plan to earn a degree in Health Information Management at Florida A & M University.

For additional program information, visit the [FAMU website](#).

Health Information Managers are professional members of the modern health care team responsible for the acquisition and supervision of complete medical records on each patient; the design and management of health information systems which collect, process, store, retrieve, and release health information and statistics; assistance to administration, other health professionals, and medical staff in developing quality assurance programs by abstraction of medical data, preparation of statistical reports, and analysis of information; and assistance in collection and analysis of data for public health services planning.

For more information, please visit [The Occupational Outlook Handbook website](#).

*The courses listed on this guide are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor and with FAMU.*

## Associate in Arts Degree

# Health Information Management Transfer Institution: Florida A & M University

**Code**      **Program Length**  
1041      60 credits

## Entrance Requirements

This is a limited access program. Check with FAMU for GPA requirements and application deadlines.

If a student has completed two years of high school credit in the same foreign language, he/she meets the admission requirement for state universities in Florida. If not, the student should complete two semesters of the same foreign language at Chipola before transfer to the university.
