Entrance Requirements

This is a limited access program.

In order to facilitate the admission of qualified students to the program, the department reviews applications submitted between **October 16 and March 15 for the following Fall term for admission into Early Childhood** (this program does not admit new students in the spring term). In addition to submitting an application to FSU and a program application to the Early Childhood Education program, students also need to submit an application for admission to the College of Education (available on the FSU website). A minimum GPA of 2.5 is required. Applicants must pass all four parts of the CLAST exam. If the CLAST requirement is satisfied with an alternative method, then applicants must present passing scores on the general knowledge section of the FTCE for admission to the College of Education. Students who meet all the requirements for admission and have a grade point average (GPA) greater than 3.0, an SAT score greater than 1070 or ACT greater than 22, an acceptable essay, and significant work experience with children will be admitted and notified by letter. The applications of students who otherwise meet all minimum admission requirements (2.5 GPA, passing all portions of the CLAST or the General Knowledge portion of the FTCE, taking the SAT and/or taking the ACT) will be held until the end of the application period. The admissions committee will consider all the information submitted in making admissions decisions. Although minimum scores for the SAT and/or ACT are not required for admission, information on test scores will be considered in addition to GPA, an acceptable essay, and a record of work with children.

FSU requires basic [computer proficiency](#). EME 2040 will satisfy this requirement.

FSU will deny admission to any student who has not satisfied the state foreign language admissions requirement.

Applicants must be fingerprinted and pass a security clearance prior to admission into the program.
