

This Associate in Arts degree program is designed for students planning to transfer and earn a bachelor's degree in health science and pursue the Master's degree in occupational therapy at the University of Florida.

For additional program information, visit the [UF website](#).

Occupational therapists use specialized knowledge to help individuals perform daily living skills and achieve maximum independence. Employers include hospitals, mental health facilities, schools, rehabilitation centers, home health agencies, business and industry, and private agencies.

For more information, please visit [The Occupational Outlook Handbook website](#).

The courses listed on this guide are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor.

Associate in Arts Degree

Health Science (Pre-Occupational Therapy) Transfer Institution: University of Florida

Code

Program Length
60 credits

Entrance Requirements

This is a limited access, limited enrollment program.

A minimum cumulative GPA of 3.0 is required for admission; a minimum 3.0 GPA is required on all prerequisite courses with no grade lower than "C." The application deadlines are February 1 for Summer II (B) and March 1 for Fall admissions to both UF and Health Sciences. This means the university application, the department application, and all supporting information must be on file at UF by the deadline—not in the mail! Must have grades for prerequisite courses by end of Spring term for Summer B and by the end of Summer A term for Fall. Also, volunteer work supervised by a registered occupational therapist is strongly recommended. Check UF website for current information.

UF WILL DENY ADMISSION TO ANY STUDENT WHO HAS NOT SATISFIED THE STATE FOREIGN LANGUAGE ADMISSIONS REQUIREMENT.

All students entering UF are required to possess a personal computer. Check this UF website (<http://www.circa.ufl.edu/computer.htm>) for a link to specific computer hardware and software configurations for this major.

The courses listed in **BOLD** are critical tracking courses for this major at UF; completion of AA degree and all tracking courses does not guarantee admission.
