Entrance Requirements

This is a limited access major; admission is competitive. Visit the department website, <http://www.chs.fsu.edu/nfes/>, or contact the department directly for more information. Six semesters of clinical athletic training are required. Since access to clinical opportunities is limited, students must complete the following to be admitted: 1) a minimum FSU GPA of 2.5 or higher on a minimum of 12 hours, 2) successful completion of PET 1638 and admittance into PET 1941, and 3) must meet all technical standards for admission. It will take longer than four semesters to complete this program at FSU.

The athletic training education program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE) Programs and prepares students to take the Board of Certification (BOC) examination.

FSU WILL DENY ADMISSION TO ANY STUDENT WHO HAS NOT SATISFIED THE STATE FOREIGN LANGUAGE ADMISSIONS REQUIREMENT.

FSU requires competency in oral communications for graduation. If students took a speech course in high school or were members of a debate team, they may exempt this requirement during the FSU admissions process. If not, students should take SPC 2600 at Chipola to satisfy this requirement.

FSU requires basic [computer proficiency](#). CGS 1060 will satisfy this requirement.
