This Associate in Science degree program prepares students for entry level in the field of nursing.

**Entrance Requirements**

Once the student successfully completes the first semester of the second year of the ADN program & is eligible to continue for the final semester of the program (both academically and by the standards of the ADN program), the student must request an Articulation Analysis Form be completed by the Dean of Enrollment Services; this will indicate the course equivalences for the LPN articulation & credits to be posted to the student transcript. Upon successful completion of all of the above criteria, the student will receive credits equivalent to first year NUR courses at Chipola College. A grade of “P,” for passing, will be assigned to all course equivalencies; no grade points will be assigned for “P” credits.
