This Associate in Arts degree program includes courses required for those students who expect to transfer and earn a degree in Forest Resources and Conservation or Natural Resource Conservation in the College of Agriculture at the University of Florida.

For additional program information, visit the UF website.

The School of Forest Resources and Conservation has several majors. Employment opportunities exist in forest resources management, urban forestry, international agro-forestry, forest science, ecotourism (educational, recreational, and financial aspects of nature-based, leisure-time opportunities), landscape ecology, computer information systems (links computer based information technologies with the management of natural resources), environmental pre-law, wetland ecosystems, and environmental education (educators with public or private agencies which do not require a formal teaching certificate).

For more information, please visit The Occupational Outlook Handbook website.

The courses listed on this plan are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor.

ACADEMIC PLAN: Associate in Arts Degree

Forest Resources & Conservation Transfer Institution: University of Florida

Code 1091 Program Length 60 credits

Entrance Requirements

A minimum GPA of 2.0 is required with a minimum GPA of 2.5 in critical tracking courses listed below. The program normally begins in the Summer I term at UF. Students who begin in the fall or spring terms may be at a disadvantage academically and may find it necessary to extend their residence at UF because of course sequencing. Check with UF for most current information.

Admission Deadline: Check UF website.

UF WILL DENY ADMISSION TO ANY STUDENT WHO HAS NOT SATISFIED THE STATE FOREIGN LANGUAGE ADMISSIONS REQUIREMENT.

All students entering UF are required to possess a personal computer. Check this UF website (http://www.circa.ufl.edu/computer.htm) for a link to specific computer hardware and software configurations for this major.
