This Associate in Arts degree program includes courses required for those students who expect to transfer and earn a degree in Animal Sciences at the University of Florida with a specialization in animal biology, equine, or food animal in the College of Agriculture.

This is the best pre-professional preparation for veterinary school.

For additional program information, visit the UF website and the academic map.

Possible career options in animal science include various aspects of livestock production, livestock processing and utilization, allied service industries (feed, healthcare, genetics, equipment, supplies, marketing, promotion, finance, and education), and preparation for veterinary school. For more information please visit the Occupational Outlook Handbook website.

The courses listed on this guide are not to be construed as a contract between the student and Chipola or the University. Course requirements may change each year. You are encouraged to work closely with your advisor.

ACADEMIC PLAN: Associate in Arts Degree

**Animal Sciences**

**Transfer Institution: University of Florida**

**Code**  
1145  
**Program Length**  
60 credits

**Entrance Requirements**

The University of Florida will deny admission to any student who has not satisfied the state foreign language admissions requirement.

Admission Deadlines: Check UF website.

All students entering UF are required to possess a personal computer. Check this UF website (http://www.circa.ufl.edu/computer.htm) for a link to specific computer hardware and software configurations for this major.

Pre-Veterinary majors should take PHY 1053C and 1054C with labs.

This plan is for specialization in "Animal Biology." For specialization in "Equine" or "Food Animal," please see an academic advisor or visit the academic map.
