Growth and Assessment of Chipola's Dual Enrollment Program

The dual enrollment program at Chipola College has grown significantly. Qualified high school students can take college classes that also count toward their high school graduation requirements through the dual enrollment program. The number of high school students in the college district who have benefited from Chipola's dual enrollment offerings has increased by 8% since the fall semester of 2021.

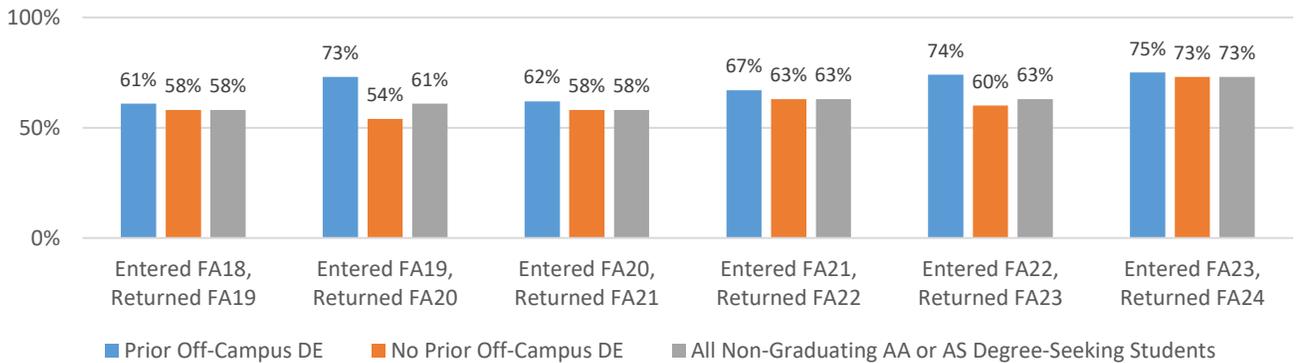

Documented: Information Systems Dept. (Stone). Report(s)/file(s): dualenr_earlyadm_undup *Current high school students (includes early admission students).

Chipola evaluates its dual enrollment program using three metrics: 1) grade distributions for students in dual enrollment courses in high school versus grade distributions for all students enrolled in the same courses on campus; 2) the fall-to-fall retention rate of students who have previously earned dual enrollment credits versus those who have not; and 3) the graduation rate of students who have previously earned dual enrollment credits versus those who have not. The following graphs show the results of these three measures.

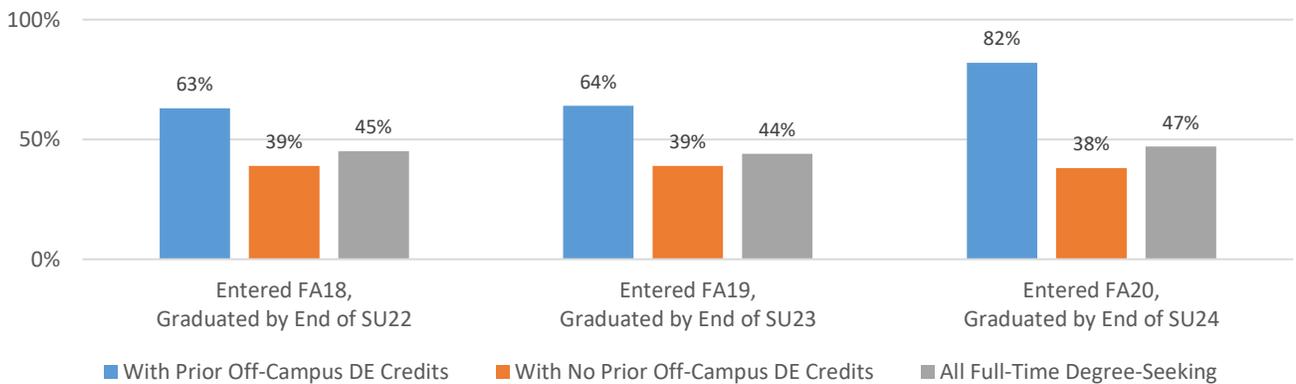

Documented: Information Systems (Stone). Report(s)/file(s): (SUyr-SPyr) grades distribution - all students all courses

Fall-to-Fall Retention Rates: First-Time-in-College Degree-Seeking Students with Prior Off-Campus Dual Enrollment Credits Compared to Those with No Prior Off-Campus Dual Enrollment Credits

Documented: Information Systems Dept. (Stone). Report(s)/file(s): trmfile for academic year

Percentage of Students Graduating by End of 2024 Summer Semester: First-Time-in-College Degree-Seeking Students with Prior Off-Campus Dual Enrollment Credits Compared to Those with No Prior Off-Campus Dual Enrollment Credits

Documented: Information Systems Dept. (Stone). Report(s)/file(s): dualenr_offcampus_retention_shelton

Summary of findings:

- ✓ Higher final courses grades than those earned by students in same courses on campus.
- ✓ Higher retention rate for students with prior dual enrollment credits.
- ✓ Higher graduation rate for students with prior dual enrollment credits.
