## **Paramedic Program Application**

### **WELCOME**

**The goal of the EMS Department is "to prepare Paramedics who are competent in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to enter the profession."**

The Paramedic program is a limited enrollment, competency-based program. The program prepares students in the cognitive, psychomotor, and affective learning domains to become certified and licensed as a competent entry-level Paramedic. The program prepares students for the certification examination as a Paramedic in accordance with Florida Statute 401 and Chapter 64j of the Florida Administrative Code. The curriculum encompasses theoretical and simulated learning, clinical, and internship experiences following the National Education Standards and is inclusive of the Department of Education Curriculum Framework. This program is a forty-two (42) credit hours course that spans three (3) semesters, approximately twelve (12) months. Clinical and internship assignments are required in addition to regular class hours

**Chipola accepts applications through the last day of registration. College and program applications that are submitted early enhance the opportunity for enrollment into the program.**

**To be considered for entry into the Paramedic program, applicants must be eligible for admission into the College submit a complete Paramedic Program Application. Criteria:**

### **GENERAL ADMISSION**

#### **Step 1: Apply for admission to the college**

Complete the Chipola College application and all requirements (online at [www.chipola.edu](http://www.chipola.edu)) declaring a major code of Paramedic. Allow 2 - 3 weeks for processing. You are encouraged to apply 6-8 weeks prior to the semester and no later than the application deadline listed in the college calendar to improve your registration opportunities in desired classes and increase your financial aid opportunities. If you are a returning student, who has not been enrolled at Chipola College for one calendar year or more, you will need to re-apply for admission.

#### **2: Submit a residency declaration**

All applicants must complete and submit a Residency Declaration. The Residency Declaration is available online at <https://my.chipola.edu/ICS/Admissions/> or in the Admissions and Records Office. Please note two documents are required to establish residency. Failure to submit could delay admission into the college and financial aid. Your residency status will be Non-Resident for Tuition Purposes and you will be charged out-of-state tuition until the Residency Declaration is received and verified by Admissions and Records. Allow 2–3 weeks for processing.

## Paramedic Program Application

### Step 3: Request official transcripts

Request official transcripts be sent directly from ALL schools, including high school, and colleges attended. Official transcripts may be mailed to Chipola College, Admissions and Records, 3094 Indian Circle, Marianna, FL 32446 or sent electronically from the following secure sites: F.A.S.T.E.R./Speedy-Institution Code 001472; National Clearinghouse; Parchment; eScript-Safe; and Scrip-safe to admissions@chipola.edu. Final acceptance to the college and/or a specific program is contingent on receipt of ALL transcripts.

### Step 4: Complete testing requirements

Applicants must meet one of the below criteria to be eligible and scores must be less than 2 years old. For more information on testing, please contact the Testing Center in the Student Services Building Room A149 or call (850)718-2284.

- Attain a minimum score of 106 on the reading portion of the Postsecondary Education Readiness Test (PERT).
- Attain a minimum score of 19 on the reading portion of the American College Testing (ACT)
- Be eligible for English 1101 or completion of ENC 1101 (not subject to the 2-year rule)

### Step 5: Apply for free federal and state student aid and scholarships

The primary purpose of the student financial aid programs at Chipola College is to provide financial assistance to academically qualified students and parents to further their education. Students applying for financial aid should complete the appropriate application and forms as soon as the decision is made to attend college. Submitting applications at least 6-8 weeks prior to the semester will increase your financial aid opportunities. Corrections and timeliness directly affect the amount and types of financial assistance you receive.

### Step 6: Acceptance to Chipola

Acceptance to the college and/or a specific program is contingent upon receipt of ALL required documents and transcripts. Once you are accepted for admission you will receive an email with your my.chipola.edu student account information. Sign into your student account immediately. This will be the primary method for official college correspondence. Check your Chipola email on a regular basis for your admission letter, registration appointment, deadlines, news and events.

## PROGRAM PRE-ADMISSION

- Applicants must submit a completed History and Physical examination completed by a licensed Doctor of Medicine (MD), Doctor of Osteopathy (DO), Advanced Registered Nurse Practitioner(ARNP), or Physician's Assistant (PA).
- Applicants must submit proof of current 2 step TB/PPD or T-Spot TB test
- Applicants must submit proof of the following required immunizations:
  - TDaP (Diphtheria, Tetanus and Pertussis) within last 10 years
  - Hepatitis B Series or positive titer for immunity showing result numbers, or declination waiver form

# CHIPOLA COLLEGE

## Paramedic Program Application

- Varicella immunization x2 or positive titer for immunity showing IGg result numbers
- MMR immunization x2 or positive titer for immunity showing IGg result numbers
- Flu Vaccination (Current year)
- Applicants must submit a completed AND notarized Emergency Medical Release statement.
- Applicants must submit a copy of their current CPR card. The only course that can be accepted for this requirement is the BLS for Healthcare Providers course. This course is provided by the American Heart Association, American Red Cross, or American Safety & Health Institute (ASHI). Cards labeled CPR and AED for Adults, Children and Infants or First Aid cannot be accepted. After you receive your CPR card, a copy should be attached to the application or provided to the Program Director. If it is a physical card, it must be signed, otherwise it will be rejected. It can take several weeks to receive your card, so make sure you take the class now. You will be responsible for keeping your CPR up-to-date while you are in school. Each time you take a CPR class and receive a new card, you will need to provide a copy of the new card to the Program Director.
- Your driver's license and student ID must be provided. You can receive your student ID from the Student Services office **after** you have been registered for classes and paid the associated fees.
- Applicants must provide proof of at least 240 hours of EMS experience
- Applicant must provide three (3) letters of recommendation
- Applicants must provide a copy of their current unencumbered Florida EMT License.
- Applicants must submit a completed "Applicant's Acknowledge" form with signature attesting to their understanding and agreement with the provisions detailed on the form.
- Certify, under oath, that you are not addicted to alcohol or any controlled substance. Students are subject to drug screening at any time during the program
- Accepted applicants will be required to provide a copy showing proof of current health insurance (prior to clinical/internship rotations).
- You must have health insurance in order to attend clinical, therefore it is a requirement for admission to the EMS program. Please provide both the front and back of the insurance card. If you are covered under someone else's insurance (spouse, parent, guardian), you must include a copy of proof of coverage from your insurance company.

### Important!

**Completed health forms with all immunization documentation and physical exam will be reviewed and approved prior to entering the program.**

### PROGRAM POST-ACCEPTANCE

## **CHIPOLA COLLEGE**

### **Paramedic Program Application**

- Applicants accepted into the program will be required to submit a ten (10) panel urine screening for controlled substances and alcohol screening at Chipola College (No outside screenings will be accepted). Students are also subject to random testing throughout enrollment in their respected program
- Accepted applicants will be required to submit a finger printing and Federal Bureau of Investigation (FBI) multi-scope background check at Chipola College (No outside screenings will be accepted). Students may be requested to submit official court documents to supplement the background check.
- All required screening and background check expenses will be the students' responsibility.

## Paramedic Program Application

### Description

The paramedic is a health professional whose primary focus is to respond to, assess, and triage emergent, urgent, and non-urgent requests for medical care, apply basic and advanced knowledge and skills necessary to determine patient physiologic, psychological, and psychosocial needs, administer medications, interpret and use diagnostic findings to implement treatment, provide complex patient care, and facilitate referrals and/or access to a higher level of care when the needs of the patient exceeds the capability level of the paramedic. Paramedics often serve as a patient care team member in a hospital or other healthcare setting to the full extent of their education, certification, licensure, and credentialing. Paramedics may work in community settings where they take on additional responsibilities monitoring and evaluating the needs of at-risk patients, as well as intervening to mitigate conditions that could lead to poor outcomes. Paramedics help educate patients and the public in the prevention and/or management of medical, health, psychological, and safety issues.

### Paramedics:

- Function as part of a comprehensive EMS response, community, health, or public safety system with advanced clinical protocols and medical oversight.
- Perform interventions with the basic and advanced equipment typically found on an ambulance, including diagnostic equipment approved by an agency medical director.
- May provide specialized interfacility care during transport.
- Are an important link in the continuum of health care.

### Other Attributes

Paramedics commonly facilitate medical decisions at an emergency scene and during transport. Paramedics work in a variety of specialty care settings including but not limited to ground and air ambulances, occupational, in hospital, and community settings. Academic preparation enables paramedics to use a wide range of pharmacology, airway, and monitoring devices as well as to utilize critical thinking skills to make complex judgments such as the need for transport from a field site, alternate destination decisions, the level of personnel appropriate for transporting a patient, and similar judgments. Due to the complexity of the Paramedic scope of practice and the required integration of knowledge and skills, many training programs are moving towards advanced training at the Associate degree or higher level.

### Education Requirements

Successful completion of a nationally accredited EMT program that meets all other State requirements.

### Primary Role

# CHIPOLA COLLEGE

## Paramedic Program Application

Provide advanced care in a variety of settings; interpretive and diagnostic capabilities; determine destination needs within the health care system; specialty transport.

### **Type of Education**

## Paramedic Program Application

Please note that the following requirements need to be completed on the forms available with the application. Once completed, these forms should then be attached to the application. Where available, please only use the forms provided. **A copy of immunization record, titer results and immunizations MUST be attached.**

1. **Immunizations:** Complete the Health Sciences Immunization form:

**A. Measles (Rubeola), Mumps and Rubella (MMR)**

The dates of two (2) MMR vaccinations are required, **OR** “positive” tiers for Mumps, Rubeola and Rubella. The nurse or medical assistant should include the date of the titer or vaccines, the titer results (“Positive”, “Equivocal” or “Negative”), and their signature with credentials. If any of the titers are “equivocal” or “negative” the student must receive two MMR vaccines and submit proof of vaccination with the applications. *All titer results should be less than 5 years old.*

**B. Varicella (Chicken Pox)**

You will need a “positive” titer as proof of immunity. *Titer results should be less than 5 years old.* If you have never had chicken pox, you are required to receive **two** varicella vaccines administered at least 4 weeks apart. The positive titer after the 2 vaccines is not required, but if you do receive a titer, it must be completed 6 weeks after the last vaccine administration. The two vaccination dates and the nurse or medical assistant’s signature should be included on the health form.

**C. Hepatitis B Vaccines or Declination Waiver**

Three Hepatitis B vaccines **OR** titer results **OR** a Declination Waiver are required. Please have the nurse or medical assistant write the date you received the vaccines on the health form and sign the form, including credentials. The positive titer after the three vaccines is not required, but if you do receive a titer, it must be completed 6 weeks after the last vaccine administration. The nurse or medical assistant should write the date of the titer and the results on the health form. *Titer results should be less than 5 years old.*

**D. Two TB Skin Tests or IGRA Blood Test**

Two PPD (mantoux) skin tests completed **1 – 3 weeks** apart are required. Please have the nurse or medical assistant write the dates and results on the form and make sure the form is signed (including credentials).

If you are allergic to the PPD skin test, a negative IGRA blood test (Tspot or Quantiferon-TB Gold) will also be accepted, the original lab report must be attached to the application.

If the IGRA blood test is positive, a clear chest x-ray from within the past year **and** a Symptom Free TB Questionnaire filled out and signed by your provider is required.

**E. Tetanus, Diphtheria, and Pertussis (Tdap) Vaccine**

Other names for the Tdap Vaccine are Boostrix and Adacel. This is not the same as a tetanus shot since it has a pertussis booster added to it. Health form documentation should include the date the vaccine was administered and the nurse or medical assistant’s signature (with credentials). Tdap can be administered regardless of interval since the previous tetanus shot. However, shorter intervals between Tdap and last tetanus shot may increase the risk of mild local skin reaction.

2. **Influenza Vaccine**

Since there is a new flu vaccine created for each flu season, this requirement will be due at the beginning of each flu season **(by the end of September 2027)** each year. Please provide a copy of the completed Influenza Vaccine form with the application.
