

This Associate in Arts degree program is designed for students who plan to transfer and earn a degree in any major within the College of Business at Florida State University.

Applicants are selected based on overall GPA and completion of prerequisites. Check the [FSU website](#), [program description](#), and [academic map](#) for more information.

Possible employment areas as a business major include accounting, small business management, finance, hospitality administration, general management, personnel management, management information systems (computers), multinational business functions, marketing, real estate, risk management and insurance. For more information please visit the **Occupational Outlook Handbook**: [Accounting](#), [Administrative Services](#), [Real Estate Agent, Brokers, Appraisers](#), [Financial Managers](#), [Marketing, Advertising and Public Relations Manager](#), [Engineering, Science, and Computer System Managers](#).

While academic advisors, faculty and staff provide significant academic planning and related assistance to students, completion of all degree requirements, and the process of monitoring progress to that end, is ultimately the responsibility of the student.

Entrance Requirements

This is a limited access program. Admission to the limited access programs in the College of Business is competitive and depends on availability of faculty and space by discipline. Eligibility for an individual will be based on the following: 1) cumulative grade point average based on all college level work attempted; and 2) satisfactory completion of required prerequisite coursework. Requirements in effect at the time of application to the College (after at least 52 hours have been completed) will determine eligibility for each student. The required GPA may change each year; information regarding the current required GPA is available at www.fsu.edu

FSU requires competency in oral communications for graduation. If students took a speech course in high school or were members of a debate team, they may exempt this requirement during the FSU admissions process. If not, students may take SPC 2608 at Chipola to satisfy this requirement. FSU does have a required business core course (GEB 3213) that meets the SPC requirement.

All first time in college (Fall 2014 and beyond) students are required to successfully complete two years of the same foreign language in high school or two semesters of the same foreign language at the college level before the associate degree is awarded. Home School students must demonstrate competency through competency testing.

FSU requires one Natural Science course with a Lab to be completed before graduation. This is not an admission requirement.
