

This Associate in Arts degree program is designed for students planning to transfer and earn a bachelor's degree in Health Sciences and pursue the Master's degree in Occupational Therapy at Florida A & M University.

For additional program information, visit the [FAMU website](#).

Occupational therapists use specialized knowledge to help individuals perform daily living skills and achieve maximum independence. Employers include hospitals, mental health facilities, schools, rehabilitation centers, home health agencies, business and industry, and private agencies.

For more information, please visit the [Occupational Outlook Handbook](#) website.

While academic advisors, faculty and staff provide significant academic planning and related assistance to students, completion of all degree requirements, and the process of monitoring progress to that end, is ultimately the responsibility of the student.

ACADEMIC PLAN: Associate in Arts Degree

Health Sciences (Concentration in Occupational Wellness)

Transfer Institution: Florida A & M University

Code 1127 **Program Length** 60 credits

Entrance Requirements

Occupational Therapy is a Master's degree program. This guide is designed to prepare you for entrance into the bachelor's degree and provide an access to graduate school. Check with FAMU for details on admissions, GPA requirements, etc.

All first time in college (Fall 2014 and beyond) students are required to successfully complete two years of the same foreign language in high school or two semesters of the same foreign language at the college level before the associate degree is awarded. Home School students must demonstrate competency through competency testing.

2020-2021
