

This Associate in Science degree program prepares students for employment in the Theatre and Entertainment Technology field with an emphasis in Technical Theatre Production or for continued education beyond the Associate degree level.

Students who plan to pursue a bachelor's degree in Technical Theatre should fulfill the Associate in Arts requirements for the chosen transfer school.

This degree is broad-based and flexible providing a basic knowledge of theatre arts.

Possible job titles for theatre majors include actor/actress, stage hand, managing director, director, makeup artist, property manager, producer, wardrobe mistress, public relations manager, playwright, writer, stage manager, teacher, light designer/technician, scenery painter, drama critic, scene designer, box office manager, artistic director, sound technician, house manager.

For more information, please visit the [Occupational Outlook Handbook](#) website.

While academic advisors, faculty and staff provide significant academic planning and related assistance to students, completion of all degree requirements, and the process of monitoring progress to that end, is ultimately the responsibility of the student.

ACADEMIC PLAN: Associate in Science Degree

**Theatre and Entertainment Technology
Technical Theatre Production Emphasis**

CIP Number: 1650050202

Code: 2165

Program Length: 64 credit hours
